Education with a Difference BROCHURE - 2022 REAP CODE 1124 "Be Acknowledged Globally for Value based Education & Innovation in Service of Humankind"

ABOUT THE INSTITUTE

Anand International College of Engineering (Anand-ICE), approved by AICTE, is amongst the 'A' Grade RTU affiliated colleges in Jaipur established in the year 2010. Since its inception, the institute boasts its credentials of joyous teachinglearning environs of global standards and offers B.Tech Degree programs in Civil Engineering, Computer Science & Engineering, Electrical Engineering, Mechanical Engineering and Computer Science & Engineering (Artificial Intelligence). The Institute nurtures intellectually inspiring academic environment with world-class infrastructure, state-ofthe-art laboratories, and a lush green landscaped campus.

The faculty at Anand-ICE comprises subject matter experts, research scholars, industry experts, and eminent academicians who go extra miles to shape the students' career. The family further broadens its intellectual arena by bringing internationally renowned professionals on board.

The institute has adopted Project & Research-based learning to facilitate students to not only understand the fundamentals of engineering sciences but also train to obtain sustainable solutions of real-life problems. Further, the curriculum is loaded with intensive industrial training & practices, corporate learning and life skills.

Additionally, the Anand-ICE has employed a unique feature of empowering students to make them compete globally. The institute has built strategic partnerships with various renowned foreign universities and industries of the UK, USA, Italy, Germany, China, Spain, to name a few, for students' Summer Training on Scholarship. The institute also encourages the students to incubate their innovative concepts to foster new ventures through the Anand Incubation Centre.

Further achieving a higher mark of excellence, the Anand-ICE has an association with the country's top-notch companies and draws all possible benefits from their expertise on quality hands-on-learning for enabling students to excel in their careers.

The campus enriches students with a diverse range of competencies and gears them up to respond to the challenges of every aspect of life and compete globally. The success of our students in the wider world itself speaks for them.

Come and see the difference, we have made it Virtual!

GLOBAL EXPOSURE

ABROAD SUMMER TRAINING SCHOLARSHIP PROGRAM

Anand-ICE awards scholarship to its third year students for their one month summer training from foreign industries/universities on the basis of their outstanding academic performance. All the interested students need to appear for the Anand STAT (Scholarship Test for Abroad Training) to qualify for this scholarship.

This program extends international exposure to the students and widens their knowledge base. Additionally, more than ever, it is necessary for graduating students to be globally competent engineering professionals and one of the best ways to achieve this is through travel and exploration. This internship is aimed at helping the students to acquire the practical knowledge in the area of specialization at renowned foreign industries/universities that they will be choosing for expanding their knowledge base and brighten their career.

More than 100 alumni of Anand-ICE have benefitted from this program till date.

ANAND EDGE

An Edge Beyond Academic Curriculum

In today's rapidly changing technical environment, the industry expects engineering graduates to have intelligence in more than one discipline and possess leadership skills to be able to work with teams of multidisciplinary knowledge. Student aspirations and demands of the workplace have become highly diverse. Thus, as part of continuous improvement in providing quality education, Anand-ICE took a leap ahead and came up with Anand-Edge for bridging the gap between industry needs and RTU academic syllabus. The Anand-Edge is loaded with many industry-led courses and specialized courses in engineering disciplines and sub-disciplines. We have established two fully equipped RTU appoved Centre of Excellence (COE) in Electric Vehicles as well as Material Engineering. Therefore, offering a wide choice of courses from a variety of interdisciplinary and multidisciplinary fields meeting expectations of employers and industries.

Through Anand-Edge, students may fulfill their aspirations of attaining multidisciplinary expertise and have an insight about the current industry trends.
