## INTERNATIONAL COLLEGE OF ENGINEERING

Approved by AICTE and Affiliated to RTU, Kota  
[www.anandice.ac.in](http://www.anandice.ac.in)

# ABOUT THE INSTITUTE

## Vision

“To be a Globally Recognized Engineering Institution for Excellence and Innovation in the Service of Humankind”

## Mission

- To provide high-quality value based education in engineering disciplines
- To create a conducive ecosystem for research, innovation and development activities to solve real world problems
- To enhance employability & entrepreneurship by developing industry-academia-partnerships at global level

Anand International College of Engineering (Anand-ICE), approved by AICTE, is amongst the 'A' Grade RTU affiliated colleges in Jaipur established in the year 2010 and ranked among Top 5 Engineering Institutes of Rajasthan (by Times Engineering Institute Ranking 2025). Anand-ICE is part of the Anand Education & Research Trust with over 2900+ alumni. Since its inception, the institute boasts its credentials of joyous teaching-learning environs of global standards and offers B.Tech Degree programs in Civil Engineering, Computer Science & Engineering, Computer Science & Engineering (Artificial Intelligence), Computer Science & Engineering (Data Science), Electrical Engineering & Mechanical Engineering. The Institute nurtures an intellectually inspiring academic environment with world-class infrastructure, state-of-the-art laboratories, and a lush green landscaped campus.

The faculty at Anand-ICE comprises subject matter experts, research scholars, industry experts, and eminent academicians who go the extra miles to shape the students' careers. The family further broadens its intellectual arena by bringing internationally renowned professionals on board.

The institute has adopted Project & Research-based learning to facilitate students to not only understand the fundamentals of engineering sciences but also train to obtain sustainable solutions to real-life problems. Further, the curriculum is loaded with intensive industrial training & practices, corporate learning and life skills.

Additionally, Anand-ICE has employed a unique feature of empowering students to make them compete globally. The institute has built strategic partnership with various renowned foreign universities and industries of the UK, USA, Italy, Germany, China and Spain, to name a few, for students' Summer Training on Scholarship. The institute also encourages the students to incubate their innovative concepts to foster new ventures through the Anand Incubation Centre.

Further achieving a higher mark of excellence, Anand-ICE has an association with the country's top-notch companies and draws all possible benefits from their expertise in quality hands-on-learning for enabling students to excel in their careers.

The campus enriches students with a diverse range of competencies and gears them up to respond to the challenges of every aspect of life and compete globally. The success of our students in the wider world itself speaks for them.

Come and see the difference, we have made it Virtual!

# TABLE OF CONTENTS

From the desk of

## The Chairman

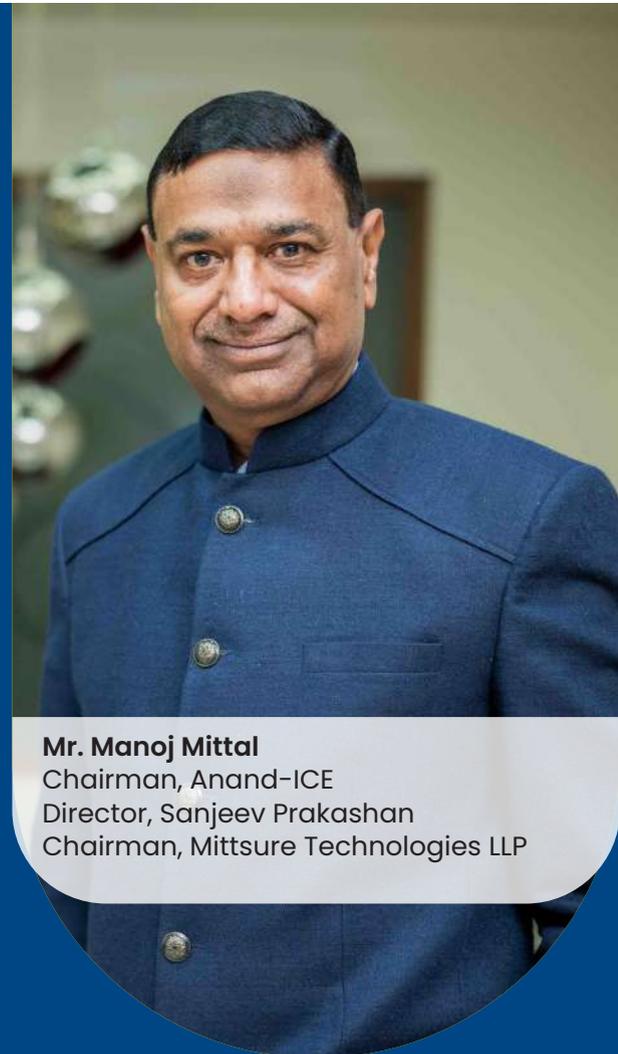

**"Leadership & Learning are indispensable to each other"**

I, on behalf of the entire fraternity of Anand-ICE, whole heartedly welcome the new batch of students. The institute has been successfully imparting globally competitive engineering education that is truly world class for the overall benefit of the students.

I feel proud to see how this college has made commendable progress in a relatively short span of time. We have proved our mettle by establishing ourselves among the top colleges known for excellent practical learning coupled with overall professional grooming of the students. Understanding the need of the hour, we have made every effort to equip our students for a more challenging global job environment. Our physical & research infrastructure includes well-equipped class rooms, state-of-art laboratories and latest versions of computing facilities. We have been proudly awarded Grade 'A' by the RTU, Kota consistently for the last few years for maintaining a high standard of academic environment.

At Anand-ICE, we make sure that our students look at the future with optimism and confidence, giving shape to their dreams for leading a successful career.

With Best Wishes,  
Manoj Mittal

**Mr. Manoj Mittal**  
Chairman, Anand-ICE  
Director, Sanjeev Prakashan  
Chairman, Mittsure Technologies LLP

**Ms. Monika Mittal Agarwal**  
Vice Chairperson, Anand-ICE

From the desk of

## The Vice Chairperson

**"Excellence is a mindset rather than a skill"**

We are delighted that you have decided to undertake your B.Tech. at Anand-ICE or are considering to do so.

Our institute is a unique community of students, faculty and staff dedicated to bring out the best in all its members. We are also equally committed to assist our students in getting placed in some top companies through our constant mentoring and a program that has been comprehensively and exclusively designed to focus on Personality Development and enhancement of Professional Skills of students to cater the requirements of the practical job market and make them completely industry ready. Thus this program has become instrumental in helping us carve a name as one of the best placement providing institutes in Rajasthan.

Anand-ICE has an appealing ambiance for academically committed and passionately creative people. We continue to ensure that your years at Anand-ICE will be filled with erudition, excitement and experiences that you can cherish for a life time.

With Best Wishes,  
Monika Mittal Agarwal

# TOP 10 REASONS TO CHOOSE ANAND-ICE

## 01 Quality of Education and World-Class Laboratories

Anand-ICE offers high quality engineering education with well-qualified faculty and one of the best laboratory set-up in Rajasthan including High Performance Computing Labs, Apple Lab, UTM, Cut-section Model of Jeep, to name a few.

## 02 Global Exposure

Anand-ICE is the only private institute having active tie-ups with more than 18 international universities/industries of USA, UK, Italy etc. where students pursue their one-month internship, that too on a scholarship provided by Anand-ICE.

## 03 Strong Corporate Connections

Anand-ICE has strong tie-ups with more than 200 top-notch industries all over the nation, providing students with placement opportunities, internship and networking opportunities that can enhance their professional development and career prospects.

## 04 200% Placement Support

Anand-ICE extends 200% support to the students in their campus placement journey, as a result of which, we were able to place almost all the job seekers in last eight years. The corporate engagement training sessions including Corporate Talk Shows, Alumni Connect, Industrial Visits, Mock Drives, etc. help students in fostering their leadership potential and thus increasing their chances of landing a job in a competitive job market.

## 05 School of Life Long Learning

The School of Life Long Learning at Anand-ICE offers a one of its kind soft-skills training program known as Corporate Learning Program starting right from the first year, especially designed to inculcate some of the crucial life skills among the students to make them ready for Corporate World. It also includes an Employability Test at the end of each semester.

## 06 Research Opportunities

Anand-ICE is engaged in cutting-edge research and innovation providing access to the students to research opportunities, advanced facilities, and renowned faculty members. Anand-ICE has more than 650 research paper publication and also received more than 1.75 crore funds from AICTE/DST/DAE/SERB India for research projects.

## 07 Learning Beyond the Curriculum

Anand-ICE encourages students to learn beyond the curriculum to foster their intellectual curiosity, critical thinking skills and passion for learning. Anand-ICE has many National & International Academic and Industrial Tie-ups including Spoken tutorials conducted through IIT Bombay, Infosys Spring board, Nasscom as a part of this learning which make students more attractive to potential employers.

## 08 In-house Internship Opportunities

Anand-ICE provides internship opportunities to the students within the campus too which help them gain relevant work experience. Such internship is generally in the form of Student Support Services as well as Social Media Interns which also includes a stipend.

## 09 World Class Infrastructure

Anand-ICE has a state-of-the-art infrastructure with classy ambience and world class facilities including a wide range of Sports facilities, Theatre style Classrooms, Seminar Halls, fully provisioned Training & Placement Cell, Girls & Boys Hostels and so much more. The Campus is set-up amidst lush green environs and is a favourable location for students.

## 10 Campus Life

Anand-ICE offers a vibrant Campus Life to its students through a dedicated Anandites Activity Center and a bunch of various activities such as Clubs & Societies, Cultural & Technical Events, Celebrity Visits and Sports, for an engaging student experience, allowing overall development outside the classroom.

# AWARDS RECEIVED BY THE INSTITUTE

Anand International College of Engineering stands as a beacon of quality education, dedicated to shaping the next generation of global engineers. Over the past fifteen years, we have established a robust ecosystem for learning, earning us the title of 'Most Trusted Engineering College' and top rankings in industry-academia interface. Our fully-equipped, resource-rich infrastructure supports a curriculum that has been consistently acclaimed by reputed bodies like the Times of India and CSR. These awards validate our unwavering focus on maintaining international standards while driving meaningful social and educational reforms.

**Ranked among Top 5 Engineering Institutes of Rajasthan** by Times Engineering Institutes Ranking 2025

**ET Inspiring Leaders Awards North 2025 for Excellence in Engineering Education** by the Times of India

**A standout institute in Rajasthan to earn YOUTUBE Silver Play Button** for outstanding Social Media engagement in 2024

**Top and most trusted engineering college of the year 2021,** Rajasthan by Beginup Research Intelligence Private Limited, Bengaluru

**Awarded Grade 'A'** by RTU Kota in 2020

**Awarded Grade 'A'** by RTU Kota in 2019

**Excellence In best Industry-Academia Interface** By 94.3 My FM In 2019

**Awarded Grade 'A'** by RTU Kota in 2018

**Excellence in Engineering Education** by 94.3 My FM in 2017

**Ranked fifth among the Top Emerging Private Institutes** of India by the Times of India in 2016

**Campus Swachhata Award** by Rethink India in 2016

**Asia's Fastest Growing Educational Institute** by World Consulting & Research Corporation

**Top Institute of India** by Competition Success Review Magazine

**Global Quality Award** by Karishma Kapoor in 2015

Five star rating for the **Best Quality Standards** by Career Connect Magazine

**CSR Top Institute** of India Award – 2015

**Best Private Engineering College of North India** by DNA in 2014

**Best Upcoming Private Engineering College in the State of Rajasthan** by Brands Academy in 2014

# STRONG ACADEMIC ASSET: THE FACULTY

The Faculty at Anand-ICE comprises professionals having rich experience in academia, industry, while some are associated with foreign universities in the area of research. They provide contemporary learning and research environment to students and create the finest futuristic technocrats and leaders by analyzing the learning needs of the present generation. Since inception, Anand-ICE cautiously selects the subject matter specialists and bring them on board.

## B.TECH COURSES

### Fee Structure 2026-27

(In compliance with the Rajasthan Government Norms: Subject to change as per Govt. Notification)

Course	Total Fee (Per Annum)	Caution Money (One Time Refundable)	Admission Application Form Fee (Non-Refundable)
B.Tech.	Rs. 98,400/-	Rs. 5000/-	Rs. 1,000/-

### Eligibility Criteria

Passed 10+2 examination with Physics, Maths & any one out of the following subjects: Chemistry/Computer Science/ Electronics/ InformationTechnology/ Biology/ Informatics Practices/ Biotechnology/ Technical Vocational subject/ Agriculture/Engineering Graphics/ Business Studies/ Entrepreneurship as per table:

Disciplines	Mandatory Courses at 10+2 Level	Other Relevant Course (s)
CE	Phy, Chem, Maths	Not Applicable
ME	Phy, Chem, Maths	Not Applicable
EE	Phy, Maths	For remaining single course select any course out of 12 courses mentioned above
CS	Phy, Maths	
CS (AI)	Phy, Maths	
CS (DS)	Phy, Maths	

Obtained at least 45% marks (40% marks in case of candidates belonging to reserved category) in the above subjects taken together.

OR

Passed min. 3 years Diploma examination with at least 45% marks (40% marks in case of candidates belonging to reserved category) subject to vacancies in the First Year, in case the vacancies at lateral entry are exhausted.

### Lateral Entry for B.Tech. in II Year

Passed Minimum THREE years / TWO years (Lateral Entry) Diploma examination with at least 45% marks (40% marks in case of candidates belonging to reserved category) in ANY branch of Engineering and Technology.

OR

Passed B.Sc. Degree from a recognized University as defined by UGC, with at least 45% marks (40% marks in case of candidates belonging to reserved category) and passed 10+2 examination with Mathematics as a subject.

OR

Passed D.Voc. Stream in the same or allied sector.

# SCHOLARSHIPS

At Anand-ICE, we understand the value of exceptional talent, and our scholarship initiatives aim to encourage and support the brightest minds in their academic journey. We feel proud to announce that Anand-ICE has awarded Scholarships of Rs. 2.50 Cr+ to the students till date.

We also prioritize the well-being of our students and their families, which is why we offer customizable installment-based fee solutions through third party education financing, enabling students to manage their educational expenses in a manner that suits their individual needs.

## A. Entry Level Merit Scholarship

Entry-Level Merit Scholarship is offered to the students who have demonstrated outstanding academic prowess in exams such as JEE (Mains) or XII class, paving the way for a bright and successful educational journey.

JEE (Mains) %	XII %	Scholarship (% of 1 Year Tuition Fee)
85-100	90-100	20%
75-84.99	85-89.99	15%
65-74.99	80-84.99	10%

**Early Bird Benefit:** Students who complete their enrollment and pay the full-year fee on or before 15th June 2026 shall be eligible for an Early Bird Scholarship, providing an additional 10% waiver over and above the Entry-Level Scholarship.

## B. Anand Merit Scholarship

We take pride in honoring academic achievement, and thereby offer Anand Merit Scholarship to students based on their remarkable semester-wise results conducted by RTU. This scholarship is a reflection of our belief in their potential and a commitment to fostering a supportive environment for their educational journey. Students scoring between 90-100%, 85-89.99% and 80-84.99% in B. Tech semester exams are awarded a scholarship of 20%, 15% and 10% of the Tuition Fee respectively of the respective semester.

### Note:

- Students availing any other scholarship under government schemes are not entitled for A. and B. Scholarships.
- Students admitted under TFWS Scheme are not entitled for A., B., C (partially) and D. Scholarships.
- Student already availing Entry Level Merit Scholarship shall not be eligible for Anand Merit Scholarship in first year.
- Students are required to pay full fee at the time of admission. The scholarship amount will be awarded in the form of reward Certificates and cheque after the Closure of admission process.
- All the above scholarship schemes are subject to institutional policies and regulations.

## C. Abroad Training Scholarship

The institute also extends Abroad Training Scholarship to the qualifying students in Anand STAT (Scholarship Test for Abroad Training) for an internship at renowned overseas institutions and industries.

## D. Anand Sainik Kalyan Scholarship

With deep appreciation for the sacrifices of our CRPF Sainik Bal, we are privileged to offer scholarships tailored to support the educational endeavors of their children, ensuring that their future remains bright and promising. We offer admission on total 15 seats reserved to the Wards of the CRPF Personnel on first come-first served basis. Our scholarship schemes are provided to them falling under various Category varying from 25% to 100% of Tuition fees. Concession on Hostel Accommodation to the wards of CRPF Personnel for certain categories are also awarded.

## E. Transport Scholarship for Female Students

The institute has extended 100% Transport scholarship to eligible female students for the academic session 2026-27

## Financial Assistance for NPTEL & GATE examination

At Anand-ICE, we are passionate about empowering our students to reach their full potential in both academics and career growth. To foster their progress, we provide financial assistance to those who successfully complete NPTEL certifications or pass the GATE examination.

For every enrolled student who successfully completes an NPTEL course, or for every third and final-year student who clears the GATE exam, Anand-ICE reimburses the course fees paid. This ensures that financial barriers never hold the student back from reaching their full potential.

# GLOBAL EXPOSURE

To make our students top-tier professionals of tomorrow!

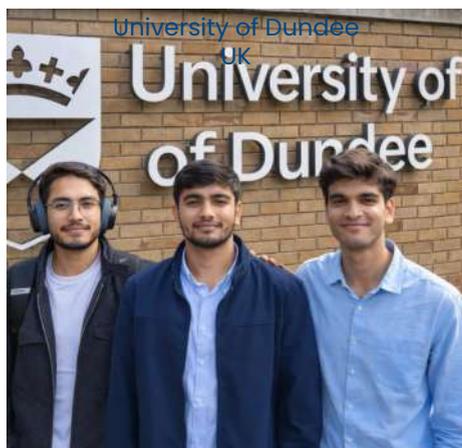

Being the only Private Engineering College of the country, Anand-ICE has been facilitating a one of its kind Abroad Summer Training Scholarship Program. Under this, third-year students of Anand-ICE can pursue their one-month summer training at a premium foreign university of their choice. Anand-ICE has active partnerships with more than 18 foreign universities/industries of USA, UK, Germany, France, Italy, and many more.

This unique program is open for all the interested students of Anand-ICE, who need to appear for the Anand STAT (Scholarship Test for Abroad Training) to qualify for this scholarship and fulfill other conditions as per the articulation agreement between Anand-ICE and partner international universities. It is necessary for graduating students to be globally competent engineering professionals and one of the best ways to achieve this is through travel and exploration. This internship is aimed at helping the students acquire practical knowledge in the area of specialization at renowned foreign industries/universities that they will be choosing to expand their knowledge base and brighten their careers.

## INTERNATIONAL PARTNERS

 USA	 UK	 Uzbekistan	 Thailand	 Spain	 Russia
 China	 Italy	 Germany	 HongKong	 Costa Rica	 China
 Russia	 Italy	 Nigeria	 Ukraine	 UAE	 France

# CIVIL ENGINEERING

The Department of Civil Engineering at Anand-ICE is highly regarded for its academic excellence, research contributions, and industry connections. The department offers B. Tech. Program which covers various specializations within Civil Engineering, including Structural Engineering, Geotechnical Engineering, Transportation Engineering, Environmental Engineering and Water Resources Engineering. Our faculty members are actively involved in cutting-edge research in the areas such as earthquake engineering, sustainable construction materials, computational mechanics, and urban transportation planning. The department is equipped with state-of-the-art laboratories, research facilities, and computational resources to support both academic and research activities.

## LABORATORY FACILITIES

Department of Civil Engineering at Anand-ICE is equipped with state-of-the-art laboratories with some exclusive equipment.

- Concrete Technology Lab
- Road Material Testing Lab
- Geology Lab
- Survey Lab
- Geotechnical Engineering Lab
- Material Testing Lab
- Computer Aided Design Lab

## CAREER OPPORTUNITIES

- Government Sectors - IES, PWD, PHED, Irrigation, Railways, Military Services etc.
- Construction Industry - Sustainable and Green Building Design, Roadways, Bridges etc.
- Town Planner - Smart Cities and Urban Infrastructure
- Geotechnical Engineering - Soil Investigation using Renewable Energy
- Construction Project Management and Digital Technologies (BIM)
- Power, Oil and Gas
- Real Estate
- Research and Development

# ELECTRICAL ENGINEERING

Electrical Engineering is a professional discipline which deals with the study and applications of Electricity, Electronics and Electromagnetism. The department of Electrical Engineering at Anand-ICE offers B.Tech Program which covers various fields including Power Generation, Transmission & Distribution, Power Electronics & Drives, Control & Automation, Research, Operation, Control & Maintenance etc.

We focus to enhance employability, entrepreneurship, ethical and social values among students. We aim to provide advanced knowledge with the help of modern tools and programs that can help the individual to adopt the learning of industrial technologies while they complete their course work.

Anand-ICE, being one of the top electrical engineering colleges in Rajasthan, can help students excel in the field of Electrical Engineering with competent faculties, profound knowledge, world-class infrastructure, and other amenities.

Come and join this beautiful and exciting world of Electrical Engineering which is full of opportunities and challenges.

## LABORATORY FACILITIES

The department is equipped with world-class laboratories and the latest software towards the need for modern-day learning.

- MATLAB
- Power Electronics & Drives Lab
- Embedded System Lab
- Machine Lab
- Printed Circuit Board (PCB) Lab
- Control System Lab
- Power System Lab
- Measurement & Instrumentation Lab

## CAREER OPPORTUNITIES

- Government Sector- Indian Railways & Metros, State Electricity Boards, Central Electricity Authority, Central PWD, Military Engineers Services, Indian Army, Navy & Air Force, DRDO, ISRO, etc.
- Public Sector Units- BHEL, NTPC, NHPC, ONGC, GAIL, SAIL, IOCL, CIL, BEL, BPCL, Hindustan Aeronautics Limited, HPCL, Power Grid Corporation of India Limited, Airport Authority of India, etc.
- Private Sector- Alstom India limited, Siemens, ABB, Suzlon, Adani, Crompton Greaves, Bajaj Electrical Pvt Ltd, Schneider Electrical, Wipro Lighting, Kelvin Electrical, Havells India Limited, Kirloskar Electrical Company Ltd, L&T, HBL Power System Limited, Eason Reyrolle, American Electric Power, Cement Industries (JK, Aditya Birla, Binani), Ashok Leyland, Bajaj Electricals, etc.
- Maintenance and Consultancy Services
- Research and Development

# MECHANICAL ENGINEERING

The Department of Mechanical Engineering at Anand-ICE was established with an aim to provide students an excellent educational experience with sound knowledge and awareness about recent developments in the field of Mechanical Engineering.

The department provides opportunities to its students to engage in hands on practices, project work, industrial training, seminars etc. to enhance their technical skills that are vital for a holistic engineering education.

The department offers excellence in Computer Aided Design, Computer Integrated Manufacturing, Robotics and Material Engineering. With a strong collaboration with RTU, Kota, the department has established an Excellence Centre in Material Engineering through which the department continues to carry out research activities.

## LABORATORY FACILITIES

The Mechanical Engineering Department at Anand-ICE has one of the best laboratory set-up in the state of Rajasthan, also providing consultancy to other institutes as well as industry.

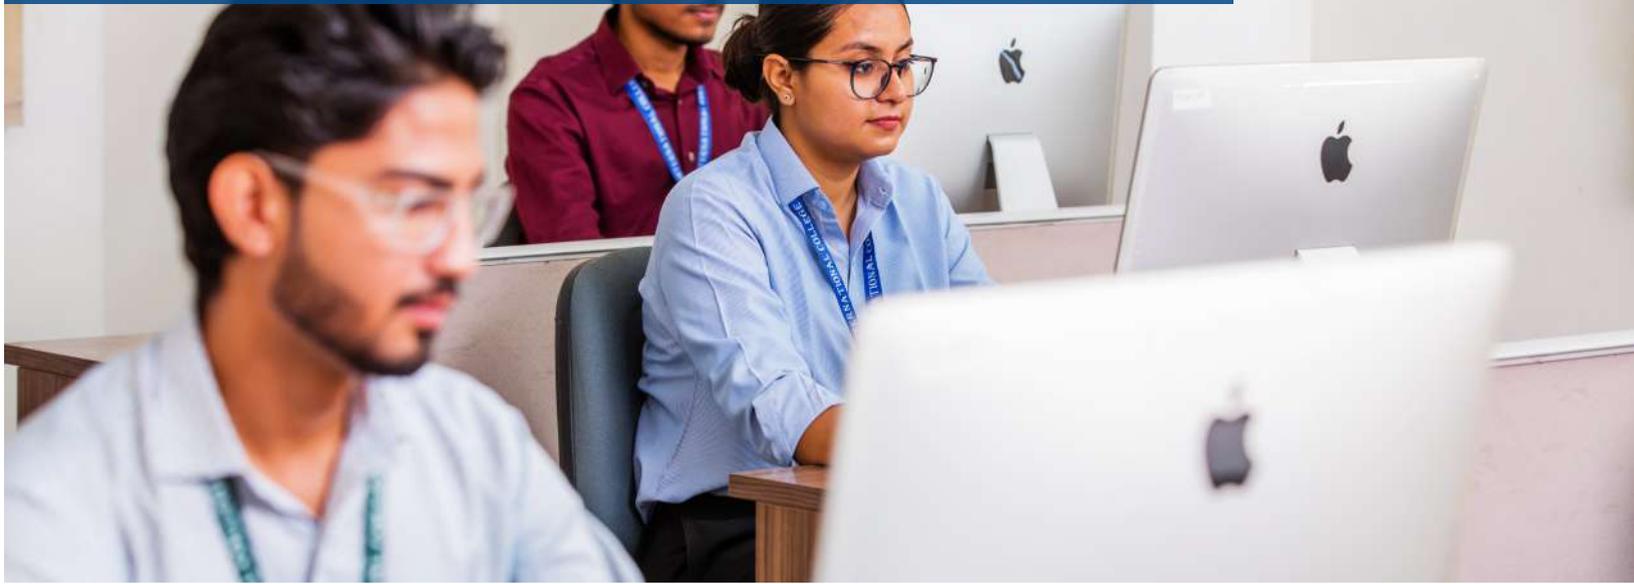

- Basic Mechanical Engineering Lab
- Mechanical Workshop
- MATLAB
- Fluid Mechanics Lab
- Production Engineering Lab
- Theory of Machines Lab
- Mechatronics Lab
- Heat Transfer Lab
- CAD/CAM Lab
- Vibration Lab
- Quality Control Lab
- Metrology Lab

## CAREER OPPORTUNITIES

- Government Sector/PSUs – Indian Railways, PWD, DRDO, BHEL, etc..
- Automation & Control units
- Aerospace Sector
- Automotive Engineering
- Manufacturing Industries
- Production Engineering
- Design Engineering
- Biomedical Industry
- Robotics and Mechatronics
- Electronics System Design and Manufacturing
- Defense Industries
- Oil Refineries
- Research and Development

# COMPUTER SCIENCE AND ENGINEERING

The B.Tech. program in Computer Science and Engineering at Anand-ICE provides a sound knowledge of computing principles and their applications in scientific and engineering domains to the students. Upon completion of the course the graduates will be able to apply the knowledge of science, mathematics, statistics, computer science and engineering to identify and solve complex engineering problems across a broad range of application areas and to lead a successful career as a computer professional.

They will also be able to ethically apply their knowledge and skills of computer science and engineering for the overall benefit of society with an understanding of realistic constraints; work and communicate effectively in inter-disciplinary environment either independently or in a team and demonstrate significant leadership qualities; engage in life-long learning and professional development through self-study, continuing education or graduate and professional studies.

## LABORATORY FACILITIES

Anand-ICE's Computer Science Department has set up advanced laboratories with excellent computing and internet facilities. Apart from regular curriculum, dedicated labs are available for following technologies

- Android Development Lab
- Apple (IOS) Lab
- Research & Development Lab
- Software Engineering Lab
- Computer Graphics and Multimedia Lab
- Data Base Management System Lab
- Computer Networks Lab
- Data Structures Lab
- Compiler Design Lab
- Advance Java Lab
- Python Lab
- Cyber Security Lab

## CAREER OPPORTUNITIES

- Software Developer
- Web Developer
- Database Administrator
- UX Designer
- Mobile App Developer
- Cyber Security Analyst
- Game Developer
- Systems Architect
- Business Analyst
- Network Engineer
- IT Project Manager
- QA/Test Automation Engineer
- Researcher
- Embedded Engineer

A photograph showing several students in a computer lab. They are seated at desks with multiple computer monitors. One student in the foreground is wearing a red shirt and looking at a monitor displaying a blue interface. Other students are visible in the background, some wearing maroon shirts. The scene is brightly lit, suggesting a modern educational environment.

# COMPUTER SCIENCE AND ENGINEERING (ARTIFICIAL INTELLIGENCE)

B.Tech. Program in Computer Science & Engineering (Artificial Intelligence) at Anand-ICE was started in the year 2020 with an objective to provide academic distinction in Artificial Intelligence fostering industry collaborations, cooperative learning, assortment, and significant social influence.

The program also aims at training students and conducting research in the fields of Artificial Intelligence with highly qualified faculty on board. This program further foresees the students as leaders in AI with world-class infrastructure, curriculum and comprehensive hands-on experience through industry connect programs. It also ensures academic excellence in students with wide exposure of research and career opportunities. The ultimate goal is to nurture our students' academic excellence, industry exposure and outstanding career opportunities.

## LABORATORY FACILITIES

Anand-ICE has an outstanding set-up of laboratories in this program with specialization in Artificial Intelligence including a High Performance Computing Lab and some beyond the curriculum labs.

- Apple (iOS) Lab
- Big Data/Data Analytics Lab
- Internet of Things (IoT) Lab
- AI & Machine Learning Lab
- High Performance Computing Lab
- Software Engineering Lab
- Research & Development Lab
- Robot Programming Lab
- Computer Vision Lab

## CAREER OPPORTUNITIES

- Data Analyst
- Data Scientist
- Machine Learning Engineer
- Big Data Engineer
- Software Engineer
- NLP Engineer
- Cyber Security Specialist
- Research Scientist
- QA/Test Automation Engineer
- Computer Network Architect
- Business Intelligence Developer
- Robotics & Automation Specialist

# COMPUTER SCIENCE AND ENGINEERING (DATA SCIENCE)

The B.Tech. Program in Computer Science & Engineering (Data Science) at Anand-ICE was established in 2025 with the objective of delivering academic excellence in the rapidly expanding domain of Data Science. The program emphasizes industry collaboration, experiential learning, innovation, and meaningful societal impact.

Data Science, as a specialization within Computer Science and Engineering, integrates computer science, statistics, mathematics, and domain expertise to extract valuable insights from structured and unstructured data. This field focuses on designing intelligent algorithms, analytical tools, and computational systems capable of processing and interpreting massive datasets, widely known as 'big data.'

With tremendous demand across sectors such as healthcare, finance, retail, and technology, Data Science has emerged as one of the most promising career paths. The program at Anand-ICE equips students with strong analytical thinking, technical proficiency, and hands-on exposure through state-of-the-art laboratories and experienced subject matter experts.

Our aim is to nurture students with outstanding academic preparation, industry readiness, and comprehensive research exposure in the ever-evolving data-driven world.

## LABORATORY FACILITIES

Anand-ICE offers a modern and well-equipped lab infrastructure for this program, featuring specialized Data Science laboratories, a High-Performance Computing Lab, and advanced beyond-the-curriculum facilities to enhance practical learning.

- Data Science & Analytics Lab
- Artificial Intelligence & Machine Learning Lab
- Big Data & Cloud Computing Lab
- Database Management & SQL Lab
- Python Programming & Computational Lab
- Research & Development Lab
- High Performance Computing Lab

## CAREER OPPORTUNITIES

- Data Scientist
- Data Analyst
- Machine Learning Engineer
- Big Data Engineer
- Business Intelligence Analyst
- Database Administrator
- AI/ML Research Engineer
- Cloud Data Engineer
- Data Solutions Architect
- Statistical Programmer

# SCHOOL OF LIFE LONG LEARNING

School of Life Long Learning is a scholarly blend of RTU-affiliated English Subject and the holistic grooming of the students under the umbrella of Soft Skills and Personality Development.

The school runs a polished program of **more than 180** sessions, from the first year to the fourth year for each branch, known as **Anand Corporate Learning Program (Anand CLP)**.

Anand CLP is one of its kind Soft Skills Training program in the city which also includes an **Employability Test** at the end of each semester.

The school believes that inculcation of Soft Skills into Hard Skills will make excellent personas eligible to fit into the cutthroat competitive world. Hence, the heart of Anand CLP lies in shaping the raw gems into furnished ones.

This journey of chiselling the personalities extensively ranges from English Language Skills-Interview Skills to Aptitude & Reasoning Ability.

- Image Building
- Branding Yourself
- World of Entrepreneurship
- Public Speaking Skills
- Presentation Skills
- Interview Skills
- Resume Building
- Team Building
- Leadership Skills
- Communication Skills

- Group Discussion
- Email Writing & Etiquettes
- Professional Ethics
- Managerial Skills
- Aptitude & Reasoning Training
- Stress/Time Management
- Content Writing & Blogging
- Corporate Grooming
- Body Language
- English Language Skills

# SCHOOL OF BASIC & APPLIED SCIENCES

Welcome to the School of Basic and Applied Sciences, where curiosity meets discovery and innovation is fueled by a passion for understanding the fundamental principles of the universe. The School of Basic and Applied Sciences is not just shaping the scientists of tomorrow but cultivating a community of learners and innovators.

The School stands as a shining example of our commitment to excellence in scientific education. In the B.Tech program, the Physics subject imparts comprehensive knowledge on Modern Physics, Quantum Physics, Material Science, Optics, underscoring the significance of Physics in engineering. In regards to Chemistry, the topics includes water analysis, fuels, corrosion, lubricants, cement, glass etc. which are very important for Civil, Mechanical & Electrical Engineers. Mathematics provides the foundation for developing logical thinking and problem-solving skills and enables engineers to break down complex problems into smaller, manageable components. Engineers use mathematical models to represent real-world systems, whether they are designing structures, optimizing processes or simulating physical phenomena.

## LABORATORY FEATURES

- Highly equipped Laboratories with sophisticated instrument
- One of the biggest Dark Rooms in the Physics Laboratory
- Government funded Research and Development Laboratory
- All Experiments performed under the supervision with safety and security measures
- Language Laboratory-a dedicated space for Listening, Speaking, Reading and Writing (LSRW)

## OUR STRENGTH

- Highly qualified, Experienced and Research Oriented faculty members who have also undertaken Government funded projects
- Project Based Learning Curriculum with 100+ student projects mentored
- Bridge courses to strengthen the foundation of newly admitted students
- Industrial exposure for practical learning of theoretical concepts
- Personalized attention to each student by our Counsellors

# ANAND EDGE

## An Edge Beyond Academic Curriculum...

The engineering industry demands that graduates of today's fast evolving technical schools be intelligent in multiple disciplines and exhibit the leadership qualities necessary to collaborate with interdisciplinary teams of experts. The expectations of the workforce and the goals of students have diverged greatly. Therefore, in an effort to continually improve the quality of education, Anand-ICE went above and beyond by developing Anand-Edge, a tool for bridging the gap between industry demands and the academic curriculum at RTU. Anand Edge is loaded with numerous industry-led courses as well as specialized courses in engineering disciplines and sub-disciplines. In order to meet the expectations of businesses and industries, it provides a broad selection of courses from a variety of interdisciplinary and multidisciplinary subjects. Students can achieve their goals of obtaining multidisciplinary competence and have an insight into the current industry trends through Anand-Edge.

## NATIONAL / INTERNATIONAL INDUSTRIAL AND ACADEMIC TIE-UPS of ANAND-ICE

**IIT Bombay Spoken Tutorial:**  
A multi-lingual educational Content portal for learning various open-source softwares

**IETE Student Chapter:**  
Science and technology of electronics, telecommunications and IT

**IE Student Chapter:**  
Largest multi-disciplinary professional body of engineers

**IIRS:**  
Developing and strengthening remote sensing skills

**Virtual Labs by IIT Bombay:**  
Learning the advanced concepts through remote experimentation

**NPTEL:**  
The world's largest online repository of courses

**CII:**  
Creating and sustaining a conducive environment for development

**YI YUVA:**  
Empowering youth across the country to take the lead and shape the growth of India

**India's premier trade body for the IT and ITES industries**

**Infosys Springboard:**  
Online learning platform for educational resources and skills

**Institution's Innovation Council:**  
A Ministry of Education Initiative

# RESEARCH AND DEVELOPMENT

In a world increasingly propelled by science and technology, institutional research plays the foundation of any nation's economic growth. Anand-ICE has made concerted efforts to align its R&D focus with the national goal of achieving technological self-reliance. Students and faculty conduct research projects in thrust areas of science and engineering. The institute has ongoing academic and research collaborations with many national and international universities and industries in order to keep pace with expanding frontiers of knowledge and global developments.

The Institute has research guidelines in place for the effective management of ongoing research in the Institute. The research activities of the Institute are of strategic importance to the nation, catering to the needs of large/medium/small scale industries in the country, facilitating the needs of the rural sector by dissemination of technology for societal benefit including healthcare and training of the rural people and academic research. Anand-ICE invites all stakeholders to collaborate with us for cutting-edge fundamental and translational research on AI, Machine Learning, Material Science, Wind and Seismic Engineering, Fiber Optic Sensors in the Soil, Mathematical Modeling, Materials Science-Bulk Amorphous Alloys (Novel materials), Corrosion Technology, Sustainable Development, and Waste Management.

**650+**

## OUR JOURNAL

Advances in Computational Mathematics And Modelling (ACMM)

ISSN: 2583-9357

WIKIDATA

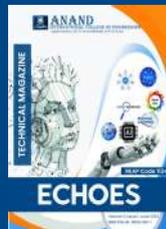

## Abstracting & Indexing:

The Advances in Computational Mathematics and Modelling (ACMM) is an interdisciplinary research journal, which publishes top-level original and review papers, short communications and proceedings on Mathematical Modelling in Biology, Engineering, Medicine, Chemistry, Physics, and other areas. ACMM focuses on research related to the Mathematical Modelling of Engineering and Environmental Processes, Manufacturing and Industrial Systems. A significant emerging area of research activity involves interdisciplinary processes, and contributions in this area with computational mathematics are also encouraged.

## OUR TECHNICAL MAGAZINES

The Research Magazine of Anand-ICE, "ECHOES" plays a crucial role in advancing the mission and goals of the institution by celebrating its intellectual achievements, fostering collaboration, and contributing to the advancement of knowledge and society at large.

ANAND ENGINEERING ERA is Anand-ICE's Activity and Achievement Magazine that serves as a dynamic and interactive platform for celebrating accomplishments, fostering community engagement, and promoting the values and mission of the institution. It plays a vital role in enhancing the visibility, reputation, and vibrancy of the institution's culture and community.

# CONSULTANCY SERVICES OFFERED BY INSTITUTE

The Institute offers state-of-the-art consultancy services using cutting edge equipment and a team of experienced professionals to UG, PG, Research students and Industries.

## Concrete Technology

- Test on Cements
- Tests on Aggregates
- Compressive Strength of Concrete Cubes
- Mix Design

## Machining Work

- CNC Milling
- CNC Turning
- Milling/Lathe/Shaper/Grinder/Drilling/Carpentry/ Fitting/Welding/Sheet Metal/ Foundry Shop Work

## Measuring Equipments

- Surface Roughness Tester
- Lathe Dynamometer
- Milling Dynamometer
- Drilling Dynamometer
- Tool Tip Temperature Measurement

## Road Material Testing

- Aggregate Testing
- Bitumen Testing
- Bituminous Mix Design

## Material Science

- Stir Casting Setup
- Muffle furnace
- Metallurgical Microscope
- UTM
- Hardness Testing
- Impact Testing

## Environmental Engineering

- Water Sample Analysis
- Chemical Tests
- Waste Water Analysis
- Fuel Analysis
- Alternative Fuel Testing

Ultrasonic Cleaner

Water Distillation Plant

Stir Casting Machine

Brinell Hardness Tester

Torsion Testing Machine

Muffle Furnace

Universal Testing Machine

Water Bath

# Centre of Excellence in Electric Vehicle

## About

The Electric Vehicle Lab was established in the year 2020-2021 under the Department of Electrical Engineering for undertaking basic research, training and development in the field of EV Technologies. This Laboratory has been recognized as the "Centre of Excellence (CoE) in Electric Vehicle" in 2021 by the Rajasthan Technical University, Kota.

## Core Areas

- Solar Charging Stations for Electric Vehicles
- Wireless Charging System
- Battery Management
- Power Electronics Converters
- Electric Motor Controllers
- G2V and V2G technology

## Outcomes

- Student Summer Internship/Training-48
- Workshop / FDP Conducted-04
- Seminars-01
- Research Paper-01
- Projects-04
- Expert Visits-02
- International Delegation Visit-01

## Opportunities/ Career Prospects:

- Research and Development
- Designing
- Manufacturing
- Maintenance
- Charging Stations & Batteries
- Start-Ups

# Applied Nonlinear Science Lab (ANSL)

## About

ANSL, established by the Anand-ICE, India, and the International Academy of Visual Arts and Engineering, UK in 2022, is an interdisciplinary research group lab which is initially a group of Undergraduate, Ph.D., and Postdoctoral students working in the Lab and later expanded into a large group consisting of researchers from across the globe.

## Core Areas

- Fractional Calculus
- Differential equations
- Special functions
- Mathematical Modeling for Engineering
- Mathematica, MatLab and Latex

## Outcome

- Research Papers-75
- Projects-03
- International Delegation Visits-13
- Postdoctoral-05
- JRF & SRF-02

# Centre of Excellence in Material Engineering

## About

The CoE in Materials Engineering at Anand-ICE, established in 2021, with recognition from RTU, Kota, aims to explore novel materials, alloys and their applications in the field of Science & Engineering. It also plays a key role in providing consultancy to Ph.D. and M.Tech students for their research work related to Fabrication, Measurement and Analysis of various metal matrix.

## Core Areas

- Biomaterials and Bio-inspired Materials
- Functional Materials and Physical Behavior
- Materials for Energy Storage, Conversion, and Transmission.
- Structural Materials
- Soft Materials Composites, and Coating

## Outcomes

- FDPs-03
- Journal Publications-26
- Student Summer Internship Program (SIP)
- Expert Lectures: 04
- Industrial Visits-04
- Sponsored Workshop-01

# CORPORATE EXPOSURE

Enabling our students to be corporate ready Anand-ICE ensures maximum industry integration throughout their educational journey. Through the corporate exposure students get the deepest insight about the industrial working.

The institute has built strong long term relationship and formal understanding with several prominent corporates that provides focused industry orientation to nurture students learning and industry preparedness through industry expert-lectures, regular industrial visits as well as internship opportunities.

Employment-oriented professional training including regular conduction of mock drives is also taken care by a dedicated team of professional trainers to make the students industry ready.

# INTERNSHIP PROGRAM

Internship plays a significant role for the engineering students as they are trained for their skills they are good at, giving them a chance to apply their knowledge practically in industries. To ensure the students have a skillful learning experience we have tie-up with more than 200 well-known corporates across India.

# INDUSTRIAL VISITS

We organize Industrial visit in each semester for the students to provide real technical insight into the industrial practices as well as up- gradation of the fast-growing technologies. Our students recently visited the following corporate houses:

- Genus Power Infrastructure Ltd.
- Bisalpur Dam
- HOP Electric
- Agrasen Engineering Industries
- Isarda Dam, Rajasthan
- Parle Biscuits Pvt. Ltd.
- Dotsquares
- Uttam Bharat Electricals Pvt. Ltd.
- Mayur Uniquoters Ltd.
- Ultra Tech Cements Ltd.
- Rajasthan Electronics & Instruments Ltd.
- Mittsure Technologies LLP
- Tweaking Technologies
- Manu Yantralaya
- Celebal Technologies Pvt. Ltd.
- G R Infraprojects Ltd.
- Nessco India
- Tesca Technologies Pvt. Ltd.

## CORPORATE TALK SHOWS

Anand-ICE regularly hosts Corporate Talk Shows, wherein, an industry professional gives a complete overview of the upcoming industry trends and the technological skills required by the engineering graduates. Some of the recent ones include:

- Expert talk by Mr. Sumit Ochani, Centre Director–Toprangers on ‘Information to Implementation’ on October 09, 2025
- Expert talk by Ms. Manmeet Kaur Bhatia, Manager & Ms. Mrinalini Maru, Team Leader (Sr. Counsellor USA/UK)–Edwise International on ‘Scholarship to Study Abroad’ on September 19, 2025
- MOU Signing by Ms. Tanuja Singh, Sr. Engagement Associate–IBM for Collaboration with IBM Skills Build on September 02, 2025
- Expert talk by Ms. Meenakshi Vyas, Senior Analyst–Infosys on ‘Launchpad of Infosys Springboard Ignite Program’ on April 05, 2025
- Expert talk by Mr. Mahak Arora, Network Engineer–Meta (Facebook) on ‘My Journey of Self–Acceptance: Embracing My Strengths and Weaknesses Beyond Academics’ on March 01, 2025
- Expert talk by Mr. Kuldeep Sharma, VP–Vanshiv Technologies on ‘From Classroom to Career: Mastering In-Demand Tech Skills’ on Feb 27, 2025
- Expert talk by Mr. Rahul Vishwakarma, Entrepreneur–Blue Ridge Labs (Robin Hood) on ‘Implementing Artificial Intelligence and Machine Learning’ on December 04, 2024

## ALUMNI CONNECT

To show an inside picture of job prospects and career paths, Alumni Connect sessions are regularly conducted by the institute where Anand-ICE’s proud alumni interact with the students. They share their own experiences, lessons learned and provide guidance on personal as well as professional growth. Such Alumni Connect sessions can be great way for the students to gain real-world practical knowledge.

# TRAINING AND PLACEMENT

Anand-ICE ensures best corporate integration since inception. The Training and Placement Cell of the institute has strong associations with several prominent corporates across India that provide focused industry orientation to nurture students learning, equip them with industry preparedness and help them to find the right career opportunities. Anand-ICE achieving 100% placement record since last 8 years and strong corporate connect has been instrumental in achieving this milestone. This initiative has helped Anandites in achieving their dream jobs in well known global corporate brands like Amazon, Ubisoft, JSW, L&T, Salesforce etc.

# OUR FLYERS

Anand International College of Engineering seconds the fact that unless a college has a strong alumni base, it would not have anything to boast.

Yes, with us this doesn't remain an elusive affair. Our history is short but very rich. An Alumni base of 2900 students is a matter of envy when it comes to vintage treasures for many who make comparisons. Some of the best placed students across the globe constantly remind us that we have a solid reputation to defend.

Professionals working at packages of 92 Lac per annum across the seas say a lot about how we trained them and how we have kept them close to our hearts. We are mightily proud that now our boundaries are seamless and our horizons expand across the globe. We transcend borders.

## Celebrating Excellence: Our Students Shine in Inter-College Competitions

At Anand-ICE, we are proud of our students' remarkable achievements in various inter-college Competitions with a spirit of innovation and dedication, our talented students have consistently excelled across diverse fields including academics, sports, hackathons, etc. Few of the recent achievements include:

**Smart India Hackathon 2025:** Finalist (Hardware Category) at the national-level event held at BHU, Varanasi.

**CyberAI Hackathon 2025:** Team Axion secured Runner-Up position with a USD 100 prize, organized by the University of Derby, UK.

**National-Level Hackathon (CURAJ):** Ranked among the Top 15 teams nationwide.

**DESIRE Power of Conserve Awards 2025:** Ravi Kumar (III Yr, EE) secured 2nd Position for innovative work in sustainability.

**Won 2nd Prize in RTU Inter-College Sports Tournament-Throw Ball (Girls)** held at Poornima University, Jaipur December 23-25, 2025

# WORLD CLASS INFRASTRUCTURE

The campus is set up amidst lush green environs away from the humdrum of city life, at the same time is well connected to the city by the Jaipur-Agra National Highway. It is a place where ideas are born, leaders are created and lives are transformed.

- Wi-Fi enabled campus
- Campus with rich architecture and modern facilities
- 24\*7 secured campus with Approx. 500+ CCTV cameras
- State-of-the-art laboratories with additional labs such as Apple Lab, High Performance Computing Lab, 3D Printing Lab etc.
- Theatre style Classrooms and Seminar halls
- Aesthetic academic, administrative and laboratory blocks
- Open Access Library with Bar-code based circulation, New Arrivals, Photocopying, Reference Services, DELNET, Group Discussion Halls, Faculty Reading Room, etc.
- Training & Placement Cell with GD/Presentation rooms and interview cabins
- Innovation & Entrepreneurship Development Cell
- Cafeteria, ATM
- AC buses
- Indoor & outdoor sports facility including Squash Court, Basketball, Volleyball, Football, Badminton, Kabaddi, Cricket Net Practice Pitch and much more under the supervision of a coach
- Dedicated space for Anandites Activity Center
- Girls & Boys hostels offering homely food

## TRANSPORT

AC/Non-AC transportation is provided to students and faculty through a fleet of buses operating from different locations of the city. All buses are embedded with the remote sensing devices which can be availed by the students to save time in transit.

# HOSTEL

With the feel of a home away from home, the college offers to its students coming in from different parts of the country, separate boys' and girls' hostels, with stylish and peppy ambiance promoting constructive peer discussions. At Anand-ICE, we extend a fantastic choice of living providing a safe, secure and sociable start to your college experience.

We offer to our students a variety of rooms at very economical prices which also include a number of facilities including attached bathrooms, food, gymnasium, housekeeping, electricity backup and a lot more.

- Well-furnished, single/double/triple sharing AC & Air Cooled rooms with attached toilets
- 4 veg meals-a-day Mess
- Free Gymnasium with an instructor
- RO drinking water
- Power back-up
- Wi-Fi connectivity
- Hot water supply
- Separate recreation halls with TV
- Departmental store facility
- 24\*7 Medical assistance
- Round the clock supervision by Hostel Wardens
- Transport facility during exams
- Transport facility available on alternate Sundays to visit the City
- Guest house
- 24x7 Study & Computer Center
- Laundry facility available on Wednesday & Sunday
- Festival Celebration for the Hostellers
- Canteen facility available for hostellers

# SPORTS AT ANAND-ICE

At Anand-ICE, we believe in the holistic development of our students where sports and recreation play a vital role in achieving that goal. Our campus provides a wide range of sports and recreational facilities, enabling you to stay active, enhance your physical well-being, and pursue your passions.

We also channelize the sports to enable students in learning and honing life skills and values such as discipline, competition, mutual respect, punctuality, camaraderie, leadership and team work. The Sports Club of the Anandites Activity Center work together with the Student Council towards organizing sports activities on regular basis and holding of the annual Inter Collegiate Sports Meet.

## SPORTS FACILITIES

- State-of-Art Gymnasium with Instructor
- Basketball Court
- Squash Court
- Football Ground
- Kabaddi and Volleyball Courts
- Badminton and Table Tennis
- Cricket Net Practice
- Carom & Chess

# LIFE AT ANAND-ICE

Anand-ICE is committed to providing the best possible student experience. We regularly organize a range of events and activities and encourage good participation of the students for their skills enhancement, confidence building, social interaction and new relationship development.

# OUR INITIATIVES

## Innovation and Entrepreneurship Development Cell (IEDC)

At Anand International College of Engineering, we foster a culture of innovation and entrepreneurship through our Innovation and Entrepreneurship Development Cell (IEDC). Serving as a launch pad for both students and faculty, the IEDC empowers them to transform ideas into impactful ventures and research into real-world applications. Over the years, IEDC at Anand-ICE has achieved significant milestones, with our students receiving prestigious awards and recognition for their innovative projects, startups, and contributions to the field.

### Key initiatives of the IEDC include:

- **Innovation Challenges & Hackathons:** The IEDC regularly organizes flagship events such as the Anand-ICE Ideathon, Anand-ICE Designathon, and the Anand-ICE Internal Smart India Hackathon, providing students with platforms to ideate, innovate, and develop solutions for real-world problems.
- **Project Development & Prototyping Support:** From idea generation to prototype development, the IEDC offers mentoring, technical guidance, and access to resources, enabling students and faculty to transform concepts into practical innovations.
- **Training & Capacity Building Programs:** The IEDC conducts specialized workshops, bootcamps, and training programs for students and faculty. Faculty are trained to strengthen mentorship capabilities, while students gain hands-on exposure to emerging technologies and entrepreneurial skills.
- **Recognition, Awards & National Platforms:** Through the IEDC ecosystem, students and faculty have achieved recognition at institutional, state, and national levels, including hackathons, innovation challenges, and startup initiatives.
- **IPR & Patent Filing Support:** The IEDC provides end-to-end assistance for Intellectual Property Rights (IPR) and patent filing, including documentation support, technical evaluation, and guidance for procedural formalities.

## Robotics Club

The Robotics Club at Anand-ICE is dedicated to exploring the fascinating world of robotics, providing students with hands-on experience and a platform for creative expression. At Anand International College of Engineering, the Robotics Club offers a dynamic array of activities to fuel students' passion for technology and innovation. Engaging robotics workshops provide hands-on learning experiences, while competitions and challenges demands students to apply their skills in real-world scenarios.

### Activities:

- Robotics Workshops
- Competitions and Challenges
- Guest Lectures by Industry Experts
- Hands-on Project Development

These endeavors collectively create a stimulating environment, nurturing a community of tech enthusiasts and future pioneers in the field of robotics.

# Anand-ICE Internal Smart India Hackathon -2025

One of the flagship initiatives of the Innovation and Entrepreneurship Development Cell (IEDC) at Anand International College of Engineering (Anand-ICE) is the Internal Smart India Hackathon (SIH), organized to prepare students for participation in the national Smart India Hackathon, a premier nationwide initiative by the Government of India. Through this initiative, Anand-ICE fosters a culture of innovation, critical thinking, and practical problem-solving, providing students with a platform to develop and showcase creative solutions to real-world challenges, bridging the gap between academic knowledge and industry-ready applications.

The institute's strong innovation ecosystem and mentorship support have consistently empowered students to excel at national platforms. This year's Internal SIH at Anand-ICE, held on 26–27 September 2025, witnessed participation from 66 teams, presenting impactful solutions in software and hardware categories. Demonstrating the institute's commitment to nurturing innovation, the team GREEN SPARK was selected to represent Anand-ICE at the SIH Grand Finale 2025, highlighting the college's excellence in fostering talent, problem-solving, and entrepreneurial thinking.

## Grand Welcome of CRPF Women Bike Expedition at Anand-ICE

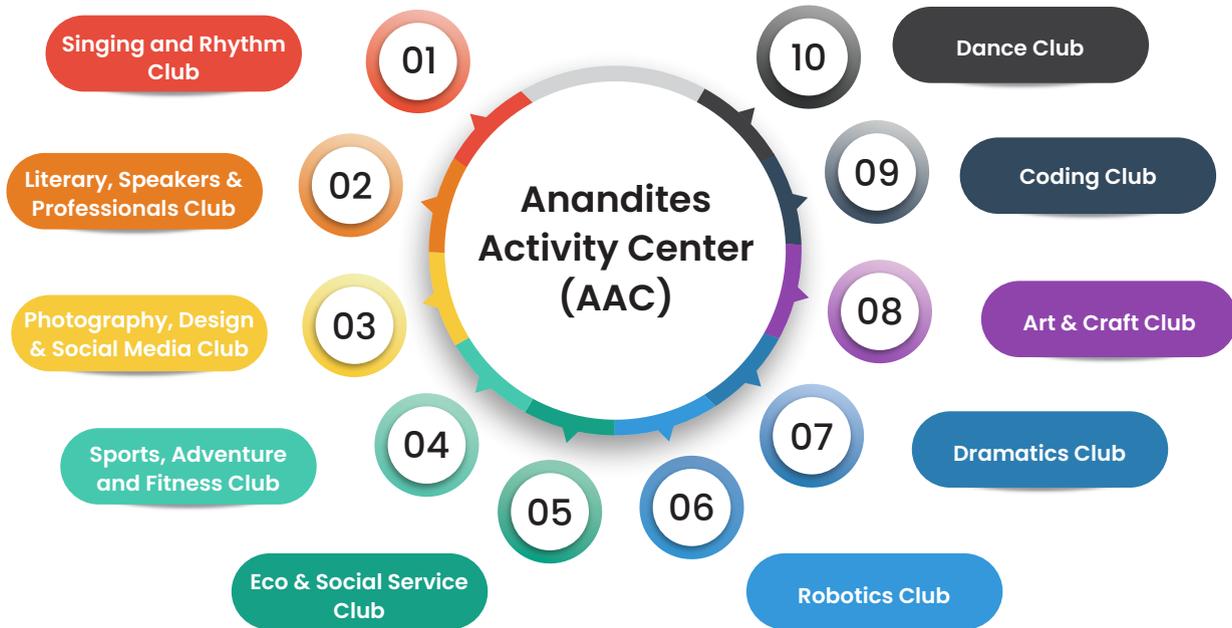

Anand-ICE extended a warm welcome to the CRPF Women Bike Expedition featuring 160 CRPF women motorbike riders from 2 Union Territories and 15 states. The chief guests of the program, CRPF IG Vikram Sahgal and DIG Suresh Verma, were honored by the college's Vice Chairperson, Monika Mittal Agarwal. CRPF IG Vikram Sahgal, as the chief guest, praised the college for their grand welcome and hospitality, emphasizing the primary goal of this program to foster a sense of national unity among citizens. During the event, the college announced the Anand Sainik Kalyan Scholarship, in collaboration with the Central Reserve Police Force Rajasthan Sector. This partnership was officially sealed during the ceremony. Additionally, the college's students presented a cultural program and celebrated the Garba festival with the CRPF Women Officers.

# ANANDITES' ACTIVITY CENTRE

A comprehensive development has always been one of the visions of Anand-ICE. Keeping this notion in the mind and heart, the college has a dedicated and well structured system comprising Anandites' Activity Centre (AAC), Students' Council & Club bodies. It has ten clubs for each and every interest of the students to exhibit them on the floor for boosting up their confidence and practical learning like-leadership skills, organizational skills, communication skills, creative skills, and the list is endless.

The AAC, Students' Council and the clubs, together, take the responsibility for the conduction of the club activities and organizing fests and events. The college has a weekly dedicated time-slot for the club activities where the students' talents can bloom into the bright flowers.
